

This item requires the use of specific manipulatives found in the task manipulative packet.

Item 00: (Task)

<p>Using the chart from the task manipulative packet, present the task to the student. Read the highlighted text exactly as it appears: Some stars in the night sky appear brighter than others.</p> <p>Point to the text in the chart from the task manipulative packet, and read the highlighted text exactly as it appears: Here is a chart. It says: Star, Distance from Earth, Star Brightness; Sun, Very close; Star A, Far; Star B, Very far.</p> <p>Present the option cards labeled <i>5E4P001</i>, and read the highlighted text exactly as it appears: Here are four cards to put in the chart: High brightness, Medium brightness, Low brightness, No brightness</p>	
<p>Prompt 1: Point to the first box in the chart from the task manipulative packet. Read the highlighted text exactly as it appears: Based on its distance from Earth, which brightness should the Sun have?</p> <p>Present the option cards, and read the highlighted text exactly as it appears: High brightness, Medium brightness, Low brightness, No brightness</p> <p>The student receives a score of 1 for a correct response. If the student does not respond, repeat the prompt <i>only once</i>, exactly as it appears above.</p> <p>If the student responds correctly, the student receives a score of 1.</p> <p>If the student responds incorrectly, the student receives a score of 0.</p> <p>If the student does not respond, the student receives a score of NR.</p> <p>Fill in the score on the answer document that corresponds with the student's response for this task.</p> <p>Read the highlighted text exactly as it appears: The Sun should have high brightness.</p> <p>If the student did not respond correctly, pick up and put the option card in the correct box. Leave the option card in place in the chart.</p>	<p>1 0 NR</p>

Correct answer prompt 1: Sun—High brightness

Star	Distance from Earth	Star Brightness
Sun	 <p>Very Close</p>	
Star A	 <p>Far</p>	
Star B	 <p>Very Far</p>	

<p>Prompt 2: Point to the second box in the chart from the task manipulative packet. Read the highlighted text exactly as it appears: Based on its distance from Earth, which brightness should Star A have?</p> <p>Present the option cards, and read the highlighted text exactly as it appears: Medium brightness, Low brightness, No brightness</p> <p>The student receives a score of 1 for a correct response. If the student does not respond, repeat the prompt <i>only once</i>, exactly as it appears above.</p> <p>If the student responds correctly, the student receives a score of 1.</p> <p>If the student responds incorrectly, the student receives a score of 0.</p> <p>If the student does not respond, the student receives a score of NR.</p> <p>Fill in the score on the answer document that corresponds with the student’s response for this task.</p> <p>Read the highlighted text exactly as it appears: Star A should have medium brightness.</p> <p>If the student did not respond correctly, pick up and put the option card in the correct box. Leave the option card in place in the chart.</p>	1 0 NR
<p>Prompt 3: Point to the third box in the chart from the task manipulative packet. Read the highlighted text exactly as it appears: Based on its distance from Earth, which brightness should Star B have?</p> <p>Present the option cards, and read the highlighted text exactly as it appears: Low brightness, No brightness</p> <p>The student receives a score of 1 for a correct response. If the student does not respond, repeat the prompt <i>only once</i>, exactly as it appears above.</p> <p>If the student responds correctly, the student receives a score of 1.</p> <p>If the student responds incorrectly, the student receives a score of 0.</p> <p>If the student does not respond, the student receives a score of NR.</p> <p>Fill in the score on the answer document that corresponds with the student’s response for this task.</p> <p>Read the highlighted text exactly as it appears: Star B should have low brightness.</p> <p>If the student did not respond correctly, pick up and put the option card in the correct box. Leave the option card in place in the chart.</p>	1 0 NR

Correct answer prompt 2: Star A—Medium brightness
Correct answer prompt 3: Star B—Low brightness
